This webinar is dedicated to changes and improvements to address maintenance in WisVote. We will review how to avoid common mistakes when entering addresses, the importance of proper address pin placement, improvements to district layers, and much more.

Webinar materials will be posted Tuesday morning prior to the start of the webinar. The webcast will be posted by the Thursday following the session on the Elections Commission website for clerks and their election officials to review at their convenience: <https://elections.wi.gov/clerks/education-training/webinars>. The training counts toward clerk training hours whether you participate in the live webinar or review the recording at a later date.

Live Webinar Requirements

You must be able to view videos on your computer, using a media application such as Windows Media Player. You will be connected to audio using your computer's speakers. If you are unable to access the audio over your computer speakers, you may select "Use Telephone" after joining the webinar. Using the telephone for audio is a **toll charge**. If you have questions about the technical aspects of the webinar, please contact the Help Desk at elections@wi.gov or (608) 261-2028.

In response to input from clerks, phones will be muted to reduce ambient noise. Questions may be typed in and will be answered by WEC staff for the benefit of the participants as time allows. A list of Frequently Asked Questions (FAQs) generated from the webinar will be posted after the webcast.

We look forward to you joining us for the webinar on Tuesday. If you have any questions, please contact PatrickT.Brennan@wi.gov or (608) 261-7804. Thank you.
